## **DESIGN YOUR OWN GREAT TOWER**

Imagine you're designing your own Great Tower like Henry II at Dover Castle. Simply print off these pages, cut the page with the picture of the front of the tower along the dotted line through the middle and use sellotape to stick the outer edges to the page with the picture of the rooms (see right). Now open up your castle and draw what you would like to have in each of the rooms. You're in charge so you can have anything you want: a hot tub, a tube slide from your bedroom, or your own cinema perhaps? Maybe you've always liked the idea of having your own heli-pad or a shark infested aquarium?

Anything goes! When you're finished, take a photo and share it with us using #EHmembership and tag @EnglishHeritage.

## THE 10 THINGS I WANT IN MY GREAT TOWER ARE...
