

ENGLISH
HERITAGE

CORPORATE ACTIVITY DAYS

From the tranquil landscapes of Capability Brown to the gardens which once inspired the great scientist Charles Darwin; a Corporate Activity Day with English Heritage offers the chance for your team to the conservation of local heritage sites.

Learn from the expertise of our highly skilled gardeners, who will in return share their passion and knowledge with a tour and talks throughout the day. The work your team will do will not only be stimulating, but entertaining, enriching and inspiring; contributing directly to the life of our nationally important historic sites.

BENEFITS

- central focus on team building & forging strong communication skills
- friendly, knowledgeable staff dedicated to your team
- provides an authentic experience & perspective of local historic sites
- bespoke training from our highly skilled gardeners to develop transferable skills
- unique engagement with local community, providing great opportunity to showcase your company
- inspires employees to volunteer regularly
- leaves your team with a sense of pride & satisfaction by directly contributing towards sustaining England's heritage

Suggested Team Size of 10-15 people

To cover the costs of the day, which includes a dedicated staff team and all specialist equipment, we charge £50 per person.

Options such as a personal meeting room and a tailored lunch spread using fresh, local ingredients are available as additional extras.

We would ask companies to consider a donation of £500 to support our fundamental work in urgent conservation, the acquisition of historically important objects and our educational initiatives.

To book your team day out or for more information, contact Emily Travis,
Corporate Development Officer
