Measured and Drawn: Techniques and practice for the metric survey of historic buildings

by David Andrews, Bill Blake, Tom Cromwell,
Richard Lea and Sarah Lunnon

The metric survey of our historic environment is a crucial part of our understanding. Mapping the historic estate means that it can be conserved, managed and enjoyed. This book gives an introduction to the metric survey techniques currently available to conservation professionals and building archaeologists. It examines control, detail and procurement, and concludes with case studies of metric survey projects undertaken on historic buildings and structures ranging from Battle Abbey courthouse to the nave ceiling at Peterborough Cathedral. *Measured and Drawn* is prepared in sequence with *The Presentation of Historic Building Survey in CAD* (English Heritage 1999) and *Metric Survey Specifications for English Heritage* (English Heritage 2000; reprint 2003) as part of a series of technical guides for heritage recording.

PRICE £15 + £2.50 P&P

ISBN 1 873592 72 8

PRODUCT CODE 50729

Paperback, 62 pages, 71 illustrations
