

WITLEY COURT

Winter/Spring planting

1
Hyacinthus orientalis 'Odysseus'
Light peach/apricot coloured highly fragrant hyacinth with deep green glossy leaves.

2
Narcissus 'Petrel'
A scented pure white daffodil producing small clusters of two to five nodding flowers that open over a long period in early-mid spring.

3
Tulipa 'Apricot Foxx'
A soft apricot coloured tulip with a hint of pink flowering in mid-spring, and the warmer the spring the more intense the colours.

4
Tulipa 'Prinses Irene'
First introduced in 1949 and named after a Dutch princess, this sweetly scented tulip has pale orange petals that are flushed with purple.

5
Tulipa 'Sunlover'
Flowering in mid-late spring with peony shaped flowers, this tulip start off golden yellow but matures to a bright orange and then to reddish orange.

Dianthus barbatus 'Indian Carpet Mixed'
Grown as a biennial for flowers in spring this sweet William has shades of white, pink and red in unique patterns on each sweetly scented flower.

Erysimum 'Apricot Twist'
With clusters of fragrant, apricot orange flowers, this wallflower will bloom from March to June.

Primula 'Crescendo Pink and Rose Shades'
A polyanthus with large flowers in shades of rose-pink, with a conspicuous yellow eye.

Primula 'Crescendo Orange'
Bright orange flowered polyanthus with flushes of flowers in autumn/early winter and again in spring.

Viola 'Mystical Banana Cream'
A pansy with white upper petals, white petals splashed with yellow in the middle, and yellow lower petals providing colour through winter and spring.

Viola 'Sorbet True Blue'
A soft blue flowered pansy with a small yellow eye flowering through winter and spring.

Viola 'Sorbet White'
A white flowered pansy with striking black blotch and small yellow eye which flowers through winter and spring.
