

WREST PARK

Summer planting

FRENCH PARTERRE

***Salvia splendens* 'Lighthouse Purple'**

Rich violet-purple tubular flowers within large deep plum-purple bracts form thick, densely-packed spikes held above glossy blue-green heart-shaped foliage. Flowers from mid-summer to the first frosts.

***Salvia farinacea* 'Victoria'**

A compact salvia which blooms profusely with rich violet-blue flower spikes through summer to the first frosts of autumn.

***Lobelia erinus* 'Crystal Palace'**

A compact lobelia with dark bronze-green foliage and deep blue flowers in summer and autumn.

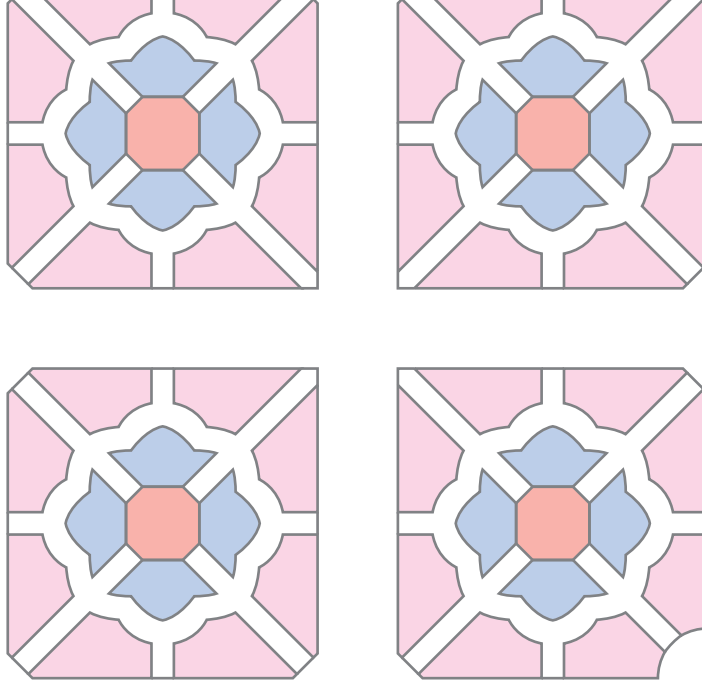

***Lobelia erinus* 'Cambridge Blue'**

A compact lobelia forming low hummocks of foliage, with light blue two-lipped flowers in summer and autumn.

***Lobelia erinus* 'Riviera Lilac'**

A compact lobelia forming low mounds of green foliage. It produces dainty lilac-purple flowers with purple eyes in summer and autumn.

ITALIAN PARTERRE

***Amaranthus paniculatus* 'Foxtail'**

A striking bronze-red foliage plant that produces long, upright, deep blood-red spikes of flowers through summer and into autumn.

***Salvia farinacea* 'Victoria'**

A compact salvia which blooms profusely with rich violet-blue flower spikes through summer to the first frosts of autumn.

***Pelargonium x hortorum* 'Horizon Pink'**

A compact geranium with lush green, dark-zoned, foliage and bearing multiple-stemmed large pink flowers through summer and into autumn.

***Amaranthus paniculatus* 'Foxtail'**

A striking bronze-red foliage plant that produces long, upright, deep blood red spikes of flowers through summer and into autumn.

***Nemesia caerulea* 'Poetry'**

With small serrated pointy green leaves, this nemesia produces spikes of lightly-scented violet pea-like flowers with blue overtones and white eyes into late summer.

***Tagetes erecta* 'Taishan Gold'**

A vigorous, showy African marigold producing gold, fully double, ball-shaped flowers with buttery yellow eyes on compact, bushy plants.

***Amaranthus paniculatus* 'Foxtail'**

A striking bronze-red foliage plant that produces long, upright, deep blood red spikes of flowers through summer and into autumn.

***Begonia semperflorens* 'Devil Pink'**

Lush green and bronze foliage and bright pink single flowers through summer until the first frosts.

***Jacobaea maritima* 'Cirrus'**

Grown as an annual for its silvery-grey felted leaves.
